

Civil Engineer – Development

POSITION INFORMATION

DGL is looking for a well-rounded civil engineer to enhance the qualifications of our rapidly expanding Facility/Site Development Division. As a multi-disciplinary engineering and survey firm, success in this position will require the ability to coordinate all aspects of a project beyond the civil discipline.

- Reports to Director of Facility/Site Development
- Full-time, Exempt

PRIMARY DUTIES AND RESPONSIBILITIES

- Perform engineering calculations and reports
- Coordinate and communicate with clients to determine project scope
- Develop project proposals for civil work including determining scope and fee
- Oversees daily management of projects
- Coordinate with other engineers and architects on project requirements
- Supervise and mentor designers for drawing and report production
- Prepare drawings and specifications in accordance with project requirements
- Provide quality control and design checking of project drawings and specifications
- Review shop drawings, RFIs and respond to other construction questions

SKILL SET

- Proficiency in site layout, utilities, grading, drainage and erosion control
- Recent experience with interpreting planning and zoning code requirements
- Proficiency in AutoCAD required; Civil 3D experience preferred
- Knowledge of engineering design tools and software
- Must be well organized with the ability to multitask
- Able to work on various size projects
- Professional demeanor
- Ability to communicate effectively with all types of people
- Valid Driver's License or State ID required
- Some tasks may require travel to complete. Time and mileage would be reimbursed (mileage at current Ohio Department of Transportation rates) based on current reimbursement policies.

EDUCATION

- Bachelor's Degree in Civil Engineering from ABET accredited institution with 4-8 years of civil/site experience
- Experience in design of commercial, institutional and/or industrial
- Engineering Intern Certification required; Professional Engineering license preferred.
